RE: HB 181- Declaration of Rights in Maryland Constitution- OPPOSE

Dear Chair Pendergrass and Members of The Committee,

Removing references to God from certain provisions relating to religious freedom, religious tests and oaths and affirmations is blatant destruction of the grounds upon which this country was founded. The United States was founded on the basis of religious freedom and high regard to God and recognition thereof. To remove God from oaths, affirmations and other practices destroys all this country was founded upon. Furthermore, it would set a precedent for the removal of ALL references of God from all public entities.

Please vote for an Unfavorable Report for HB 181- Declaration of Rights in Maryland Constitution
