

Thanks to Rep. Arian for introducing this bill. She was the only legislator who supported MCPS athletes to the bitter end. The fact that religious exemptions were not allowed is a gross violation of Marylanders rights. Many of us democrats are now SINGLE ISSUE VOTERS for what MCPS has done to our students for 2 years – virtual school, mask mandates, and vaccine mandates. I support HB 1292 and thank Rep. Arian for representing moderates, even outside her district.
