

Written testimony for HB1358 (Favorable)

Jaime Brooke

I am a registered democrat living in West Laurel (20707), and I support HB1358.

I am strongly in favor of this bill because I want to protect my family's right to medical privacy. This bill ensures that medical discrimination will not only be prevented, but is prohibited. This legislation also would support a more inclusive Maryland, which is greatly needed at this time. Every individual in this state has a right to privacy, and should never be required to release private medical/health information without their consent (or as a result of coercion). Please allow this bill to move forward. Maryland residents want to keep their right to privacy.

Please VOTE YES on HB1358.

Thank you,
