

## HB 1292 Support

I am providing my written testimony in support of HB 1292 Public Schools - Student Immunization Requirements – Authority Policies Prohibited.

As a mother of two children who are in BOTH the Maryland public school system, and childcare, I support this bill. I do not want my children treated any differently because of personal health choices our family has made. My children should not be excluded or banned from participation based on immunizations that are not required by the Maryland Department of Health.

I am requesting a favorable report in support of this bill.

Thank you,

Amanda Phillips

St. Mary's County, District 29A
