Rationale:

People with disabilities want the opportunity to join the workforce. As a provider of employment services, we choose hiring practices that support growth and retention based on their qualifications. Accommodations that support success at work include, but not limited too; checklists, peer mentorship, dimmed lighting, extended training job, job coaching from external agency, and visual prompts. Accommodations are specific to each individual to support success in the workplace. This legislation will support statewide efforts for more disability awareness and more inclusive hiring practices.
