Dear Judicial Proceedings Committee:

My name is Donald Galloway and I am Deaf. I live in the state of Maryland.

I am writing to ask you to support **HB 1238**- Open Captioning Bill, sponsored by Delegate Harry Bhandari. This bill will require all motion picture houses to offer closed captions for each screening of a motion picture. It also will require that motion picture houses provide open captioning for at least certain screenings each week.

Captioning, also known as same-language subtitles, benefits everyone who watches videos (children, adolescents, college students, and adults). More than 100 empirical studies document that captioning a video improves comprehension of, attention to, and memory for the video. Captions are particularly beneficial for persons watching videos in their non-native language, for children and adults learning to read, and for persons who are D/deaf or hard of hearing.

Most importantly, the bill provides communities with the assurance and peace of mind that they have access to the movie without using devices or other methods same as other people who go to the movie.

The story is that I support this bill to have OPEN captioned movies at all move theaters in Maryland. I get tired of wearing uncomfortable devices - glasses - too heavy, challenging reading the captions via rearview device put in the drink cup of the chair - no place for my drink. Both devices were sometimes not working because they forgot to charge the battery. All Deaf and Hard of hearing people should be equally accessible for an OPEN captioned file, like hearing people hear everything through auditory input. Again, please pas this Bill. Thank you.

Thank you for your time and attention to this important matter and I appreciate your support on HB 1238.

Sincerely,
Donald Galloway
