To: Rochelle Creighton-Tompa <Rochelle@creightoninsuranceagency.com>

To whom it may concern:

I Scott Grieshamer, fully support the legalization of golf carts on Cobb Island provided the cart has lights and mirrors. There are many reasons why golf carts benefit the community such as: golf carts only go 25mph max, they are extremely fuel efficient/ or electric (low emissions), it encourages people of all ages to go outside and enjoy the little piece of paradise. Please take this into consideration.

Thank you,

Scott Grieshamer
