Dear Judicial Proceedings Committee:

My name is Heidi Burghardt and I am Deaf. I live in Anne Arundel County..

I am writing to ask you to support **HB 1238**- Open Captioning Bill, sponsored by Delegate Harry Bhandari. This bill will require all motion picture houses to offer closed captioning for each screening of a motion picture; and require that certain motion picture houses provide open captioning for at least two screenings each week.

Captioning, also known as same-language subtitles, benefits everyone who watches videos (children, adolescents, college students, and adults). More than 100 empirical studies document that captioning a video improves comprehension of, attention to, and memory for the video. Captions are particularly beneficial for persons watching videos in their non-native language, for children and adults learning to read, and for persons who are deaf or hard of hearing.

Most importantly, the bill provides communities with the assurance and peace of mind that they have access to the movie without using devices or other methods same as other people who go to the movie.

I am deaf so naturally, open captioning bill is very important to me. Not only that, but I have witnessed my daughter, who is not deaf, developed her reading skills at a very early age. The captions help boost foundational reading skills, such as phonics, word recognition, and fluency. Additionally, studies have shown that hearing loss is much more common among older adults and 91% of adults with hearing loss are aged 50 and older. This could be one of you.

Thank you for your time and attention to this important matter and I appreciate your support on HB 1238.

Sincerely,

Heidi Burghardt
