

BILL NO: House Bill 833
TITLE: Criminal Law - Victims of Child Sex Trafficking - Safe Harbor and Service Response
COMMITTEE: Judiciary
HEARING DATE: February 17, 2022
POSITION: **SUPPORT**

The Maryland Network Against Domestic Violence (MNADV) is the state domestic violence coalition that brings together victim service providers, allied professionals, and concerned individuals for the common purpose of reducing intimate partner and family violence and its harmful effects on our citizens. **MNADV urges the House Judiciary Committee to issue a favorable report with sponsor amendments on HB 833.**

House Bill 833 will provide a safe harbor for child victims of sex trafficking. Trafficking and domestic violence are both based on power and control dynamics. It is also all too common for a victim of trafficking to be in love with or in a relationship with their trafficker, whether that relationship violates statutory rape laws or not. Traffickers lure their victims with promises of love, clothing, food, and shelter. They prey on children's vulnerabilities which may include living in poverty, involvement with the child welfare system, or a mental health diagnosis. Then the traffickers might beat or rape or brand child victims and force them to commit acts of prostitution. Other offenses may be committed as well at the direction of the trafficker or as acts of survival.

Yet Maryland's laws do not treat child victims of sex trafficking as victims they treat them as delinquents. Our laws allow for exploited children, for victimized children to be arrested, to be detained and to be prosecuted for the very acts that their trafficker forced them to do. We must amend Maryland's laws to join the other forty-two states that treat child victims of sex trafficking as victims and recognize that they should not be prosecuted or stigmatized for being a victim of horrific crimes. Under existing law child sex trafficking is a form of abuse. Services for child victims of sex trafficking are available through the Regional Navigators established in 2019.

Providing Safe Harbor for child victims of sex trafficking Maryland is a crucial step to improving the status of Maryland as one of the ten worst states in treatment of child victims of sex trafficking according to Shared Hope International. HB 833 creates a necessary process for shifting a child from a punitive system to a protective system if their victimization is identified after a delinquency case commenced. Extending the safe harbor protections to offenses related to a child's victimization including status offenses and charges such as theft and trespass is a first step to improving Maryland's treatment of child victims of sex trafficking.

For the above stated reasons, the **Maryland Network Against Domestic Violence urges a favorable report with sponsor amendments on HB 833.**
