

UNFAVORABLE on SB377

vince mcavoy baltimore maryland

Dear Lawmakers,

I urge UNFavorable report on SB377.

Testimony Interrupted

I attempted to give Senate testimony on this bill. There was an unfortunate circumstance where I wasn't let out of the Zoom waiting room (though, as you can see, I was signed up UNF for the bill).

So who was allowed in to testify in JPR? Every type of LGBTQP group whose deviancy is away from husband/wife, man/woman, bride/groom. This bill is MISNAMED according to Department of Legislative standards to slip is what you wouldn't vote for if it was name HONESTLY.

I wish I'd had a chance to chat about Susan Lee's bill THEN.

I expressed similar notions in House Testimony. They attempted to edit my testimony there on several HGO bills as well.

So this is how Maryland Democrats are doing election years in 2022?

Again, I urge not blemishing the state of Maryland's marriage records any more than it already is. I testified against and answered questions by Delegate Dan Cox & Jon Cardin in House testimony in detail and giving specifics about how Annapolis bills/hearings seem to work.

I will leave it up to you to describe what it is when people come to your house and then demand that you change the way you do things. Some might call them mothers-in-law (*joke*); some jihadists; some might call them transgender jihadists. As I testified last year and this year, my calculations show that over 99.8% of Marylanders get and want their marriage license to reflect Bride and Groom, Husband and Wife, Man and Woman. The **Delusionals** bringing these bills – such as SB377 - assert that a miniscule, noisy subset of people in Maryland are not subject to biological reality; to tradition; to acting in a manner that is sustainable for our children; and not subject to conducting business for the betterment of our State, our people, our God.

Administrative Inconvenience is no reason for LIES about reality

But here and now I'm asking for an UNFAVORABLE for SB377, where the mentally imbalanced express paranoid dread, delusional feelings and complaints about administrative process...they want ALL Marylanders to change how 99.8%+ of Maryland handles marriage because of “administrative inconveniences”.

For an extremely miniscule portion of Maryland's population, this bill aims to codify this fractional subset's issues with biological sex as well as their difficulty with the fact of "man and woman, period".

Page 2 of the bill asks the State to validate numerous outright **lies** (such as Transgender "DeadName" awkwardness).

Senator Lee's bill asks to **NOT** mark the new, delusional document as "AMENDED". Then would send this **falsified**, delusional document to the Maryland Department of Health.

Expanded Criminal Activity

The bill would also expand criminality through identity-theft and transgenders disguising their biological sex through state-sanctioned, gender manipulation. And for any other reasonable bill brought by JPR, they would normally have issue with Page 1 of the Bill "...SATISFACTORY PROOF THAT A COURT OF COMPETENT JURISDICTION, REGARDLESS OF LOCATION..." From anywhere? Anywhere on the planet?

“Marriage” – to these people - is just a game, a scam

Boiling it down to brass tacks, these people don't honor marriage as a sacrament. So if they need to get divorced to get their imaginary names placed on record, well they can do that currently in Maryland. Maryland doesn't even hold them to task on the validity of their misuse of THAT process. These people are being allowed to falsify documents and now they think falsifying is the way Maryland should encode things. Not “slippery slope” here, lawmakers – the court system is already sliding down into delusion.

The ~99.82% of Marylanders should not be inconvenienced and asked to perpetuate absolute falsehoods and absolute deviancy through the misuse of our court systems. The court systems don't belong to the clerk or to just this tiny, noisy faction who is – by definition – an “other”.

In God's name, please stand for sanity and objective truth. Thank you.

humbly
