**UNFAVORABLE**

HB0104\_VMcAvoy\_UNFAVORABLE

Dear Delegates,

I ask you to vote unfavorably for HB104 which aims to supersede the existing rational that judges use for evaluation cases.

The bill, at its heart, is aimed against fathers.

This bill wrongfully encourage parental alienation, contemptuous behavior regarding court-ordered child custody and the abuse of using extrinsic family law “professionals” inflating courtroom proceedings.

I urge an unfavorable.

This bill is *prima facie* flawed and unjust to the point it would not be viewed as lawful.

Thanks for your consideration and time.

humbly
