DONALD C. FRY
PRESIDENT & CEO
GREATER BALTIMORE COMMITTEE

Position: Support

The Greater Baltimore Committee (GBC) supports House Bill 933, which would specify eligibility requirements for the Child Care Scholarship Program, administered by the Maryland State Department of Education (MSDE), as well as outline factors to be used when determining a child’s eligibility for a scholarship under the program. The bills also ensures that if a child’s circumstances improve, the scholarship does not immediately end. Finally, the bill creates parameters for the amount of copayment based on a family’s financial circumstances.

The GBC COVID-19 Business Recovery Advisory Council, comprised of regional business executives, made a number of recommendations to assist businesses recover from the pandemic, with a particular focus on small and minority-owned businesses. Recognizing both the immediate problems, as well as a systemic shortage of quality licensed child-care options, the council called for state and local governments to address the immediate shortage and to create long-term solutions pertaining to child care through targeted policy or funding initiatives.

Without affordable and dependable child care options, Maryland’s workforce is challenged to perform their employment responsibilities and duties to maximum capacity and capabilities resulting in loss of production in business operations. The provisions in House Bill 933 would provide guidance to ensure that those who are in most need of child care scholarships are prioritized, as well as making certain that a modest increase of income does not trigger an immediate end to the assistance. In turn, businesses will benefit from having employees with reliable child care, thereby stabilizing the company’s workforce.

House Bill 933 is consistent with one of the key tenets in *Gaining a Competitive Edge: Keys to Economic Growth and Job Creation in Maryland*, a report published by the GBC that identifies eight core pillars for a competitive business environment and job growth. The pillar provides:

Government leadership that unites with business as a partner. Maryland leaders must set a welcoming tone that communicates positive support for business, respect for the private sector as a partner, not an adversary, and reflects a strategic plan for business growth and job creation.

For these reasons, the Greater Baltimore Committee urges a favorable report on House Bill 933.

The Greater Baltimore Committee (GBC) is a non-partisan, independent, regional business advocacy organization comprised of hundreds of businesses -- large, medium and small -- educational institutions, nonprofit organizations and foundations located in Anne Arundel, Baltimore, Carroll, Harford, and Howard counties as well as Baltimore City. The GBC is a 67-year-old, private-sector membership organization with a rich legacy of working with government to find solutions to problems that negatively affect our competitiveness and viability.
