# SENATE BILL 245 Maryland Nonprofit Development Center Program - Nonprofit, Interest-Free, Micro Bridge Loan (NIMBL) Account - Funding (Kagan)

**STATEMENT OF INFORMATION**
**DATE: March 23, 2022**

**COMMITTEE: House Ways & Means**

**SUMMARY OF BILL:**. SB 245, as amended, mandates a FY 2024 appropriation in the amount of $1 million in the Maryland Nonprofit Development Center Fund, if a $1 million appropriation is not included in the FY 2023 Budget. The Account balance is capped at $1 million. The funds are to be used for loans made under NIMBL.

**EXPLANATION:** The Department of Budget and Management's focus is not on the underlying policy proposal being advanced by the legislation, but rather on the $1 million mandated appropriation provision that impacts the FY 2024 Budget. The FY 2023 Budget allocates $150,000 for the Maryland Not-for-Profit Development Fund subprogram and $187,500 for the NIMBL subprogram.

DBM has the responsibility of submitting a balanced budget to the General Assembly annually, which will require spending allocations for FY 2024 to be within the official revenues estimates approved by the Board of Revenue Estimates in December 2022.

Changes to the Maryland Constitution in 2020 provide the General Assembly with additional budgetary authority, beginning in the 2023 Session, to realign total spending by increasing and adding items to appropriations in the budget submitted by the Governor. The legislature's new budgetary power diminishes, if not negates, the need for mandated appropriation bills.

Fully funding the implementation of the Blueprint for Maryland's Future (Kirwan) will require fiscal discipline in the years ahead, if the State is to maintain the current projected structural budget surpluses. Mandated spending increases need to be reevaluated within the context of this education funding priority and the Governor's tax relief proposals.

Economic conditions remain precarious as a result of COVID-19. High rates of inflation and workforce shortages may be short lived or persist, thereby impacting the Maryland economy. While current budget forecasts project structural surpluses, the impact of the ongoing COVID-19 pandemic continues to present a significant budgetary vulnerability. The Department continues to urge the General Assembly to focus on maintaining the structural budget surplus.
