Annapolis, MD. 21401

In Support of HB 288: Sales and Use Tax Exemption – Baby Products

Members of the Maryland House of Delegates Ways and Means Committee.

We are an organization of military and non-military families with over 1300 members and fully support revising the state sales tax code in order to offer a little more support for Maryland's working families.

Sales tax may not seem like a help to working families, but it does make a difference when one is a new parent, while regularly buying diapers and other supplies to support a growing family.

So many families are still hurting financially from the past 2 years of health and economic hardships, we all can use a helping hand during these trying times. We hope that the MGA will also work on other constructive ways of supporting working families moving forward. This one is many steps needed to support our varied communities of PAC members.

The future of Maryland's economy lies with the workers that we need to be supporting now and into the future. Let's support them now when they need it the most.

Please support House Bill 288 and return a favorable report. Thank you for your time, and for considering our testimony today.
