**Re: Primary and Secondary Education – Breakfast and Lunch Programs  
Universal Expansion**

February 22, 2023

Chairman Guzzone and Members of the Committee,

**No Kid Hungry Maryland writes in support of SB 0557 which proposes universal expansion of  
Breakfast and Lunch in all Maryland public schools.**

Through the No Kid Hungry Maryland campaign, we work with partners, lawmakers, educators, and businesses to identify and eliminate the barriers that may prevent children and families from accessing healthy and nutritious meals.

In 2020, approximately 1 in 8 children in Maryland could face hunger this year, and programs like MMFA and school breakfast play a critical role in reducing food insecurity for children and Maryland families. However, in June 2022, our partners at the MD Food Bank report that in Maryland, roughly 50% of families, making less than \$35,000 are food insecure, and overall income brackets, almost 19% are facing food insecurity.<sup>1</sup> This data, tells us that a significant number of children in Maryland risk facing hunger this year. Programs like Maryland Meals for Achievement (MMFA) and Universal Meals play a critical role in reducing food insecurity for children and Maryland families.

The policy outlined in SB 0557 would allow children across the state to access meals at no cost to them. This would decrease stigma for children who might need assistance from the Federal Nutrition Programs addressing needs for children through the Free and Reduced Meals (FARMs) program. Also, this type of program will ensure that children, whose families are living just beyond the FARMs threshold, but are still food insecure, would have access as well.

No Kid Hungry Maryland encourages the Senate Budget and Taxation Committee to favorably report out on SB 0557, so that more students can be served without stigma.
