

Dear Mr. Rosenberg,

I am strongly opposed to the Bill 301.

I believe it is the consumers right to decide and should be allowed to have a choice in selling or buying property. They can work with a Realtor if they want but if they chose to go another route, that should be up to the property owner, not the State!. You'd be surprised at how many Sellers prefer the wholesale route, or other routes in general, as they believe it will cost them less money and aggravation.

LETS PUT AN END TO THIS BILL FOR THE GOOD OF THE PEOPLE AND FREEDOM OF CHOICE.
