**Bill: Senate Bill 629 – Primary and Secondary Education - Policies on Bullying, Harassment, or Intimidation - Revisions**

**Position: Support**

Dear Chair, Vice Chair, and Members of the Committee:

I am writing on behalf of the Maryland School Psychologists' Association (MSPA), a professional organization representing about 500 school psychologists in Maryland. We advocate for the social-emotional, behavioral, and academic wellbeing of students and families across the state.

We support Senate Bill 576 which would revise the state of Maryland's model policy for bullying, harassment, and intimidation to protect students with diverse gender identities and sexual orientations. Specifically, the bill would revise the policy to protect the alleged victim by allowing the victim to determine if their parents should be notified if the bullying, harassment, and/or intimidation is related to the victim's sex, sexual orientation, or gender identity. This would reduce the likelihood that the student may face retaliation or negative consequences for their expression of their sexual orientation or gender identity in the home environment.

School psychologists are "ethically obligated to ensure that all youth with diverse sexual orientations, gender identities, and/or gender expressions are able to develop and express their personal identities in a school climate that is safe, accepting, and respectful of all persons and free from discrimination, harassment, violence, and abuse."<sup>1</sup> At home, LGBTQ+ youth are more likely to experience "family rejection, which may include abuse, exclusion, being forced to leave home, and efforts to change a youth's sexual orientation or gender identity."<sup>1</sup> SB 629 would protect a vulnerable student population from negative consequences and fear of retaliation for reporting instances of bullying, harassment, and intimidation. All students must feel safe at school to learn, and SB 629 could increase the positive outcomes of students with diverse gender identity and sexual orientation.

For these reasons, we urge a favorable report on SB 629. If we can provide any further information or be of assistance, please contact us at [legislative@mspaonline.org](mailto:legislative@mspaonline.org) or Sarah Peters at [speters@hbstrategies.us](mailto:speters@hbstrategies.us) or 410-322-2320.

Respectfully submitted,

Katie Phipps, M.Ed., Ed.S., NCSP  
Committee Chair, Legislative Committee  
Maryland School Psychologists' Association.
