

MARYLAND STATE TREASURER
Dereck E. Davis

Brooke Lierman
Comptroller

Senate Bill 316 – Education – Public High Schools – Financial Literacy Curriculum

Position: Favorable

Senate Education, Energy, and the Environment Committee

March 1, 2023

One of the greatest needs facing the State is the gap that separates what our students learn in school and what they need to know in the real world. Financial literacy – the ability to establish a budget, keep track of bills, and plan for the future – can often be the bridge that helps dreams become reality. Senate Bill 316 addresses this need by enhancing the financial literacy curriculum content requirements for local school systems.

For the foregoing reasons, we urge the Committee to give Senate Bill 316 a favorable report.
