

I write this letter in support of HB466 and HB467. I am in support of Sunday hunting and Sunday turkey hunting because it will give hunters, like myself, a few extra opportunities to provide food for their freezers and quality time spent outdoors with their family. Many of our workforce, including EMS, Police, construction, commercial fisherman and even bus drivers who take students on field trips, have to work on Saturdays. Students who are in school all week and have sporting events on Saturdays would also benefit from Sunday hunting. When my son was young, he would only get to hunt a few Saturdays because of practice for sports. There are many who don't purchase a hunting license anymore because of the above reasons. They just don't get the time or have the PTO to take time off work to go hunting. Sunday hunting is a win for our community members, our county and our State. Thank you for your support of HB466 and HB467.
