Dear Chair Barve and Vice Chair Stein and the members of the House Committee on Environment and Transportation,

My name is Jennifer Loss and my address is 4Q Gardenway Rd, Greenbelt, Md, 20770. I am writing to let you know that House Bill 106 (cross-filed Senate Bill 50), *State Finance – Prohibited Appropriations – Magnetic Levitation Transportation System*, is important to me and to all Marylanders. I would like to request that you champion this bill and help it get passed quickly.

I support developing and improving our mass transit system, but the MagLev project is bottom line not beneficial to all citizens and the environment.

I would appreciate your voting for House Bill 106 during session. Please support the sponsors as much as possible.
Thank you for your consideration.

kind regards,

Jennifer Loss
