

Governing Bodies and Annual Meetings HB 105

Patricia Thomas

I am in Favor of this Bill.

It is important that we have a Bill that states that this must be done.

Our governing documents leave too much for the Board of Directors and property managers to interpret. We all have our own interpretations and perspectives about a lot of issues but in a community such as this, we, the homeowners, are the losers.

We need to have a bill that provides for the homeowners that will give them the opportunity to get needed information about the operation of their community. If you don't know what's going on, you don't know where your money is going, or not. There have been too many catastrophes when governing is not done by those elected to do so. Let's not have that happen in our state.
