

**DATE:** March 10, 2023      **COMMITTEE:** Senate Finance Committee  
**BILL NO:** Senate Bill 872  
**BILL TITLE:** State Board of Social Work Examiners - Temporary License to Practice Social Work  
**POSITION:** Support

**Kennedy Krieger Institute supports Senate Bill 872 - State Board of Social Work Examiners - Temporary License to Practice Social Work.**

**Bill Summary:**

Senate Bill 872 requires the State Board of Social Work Examiners to issue a temporary license to practice social work to an applicant who has met the education and experience requirements.

**Background:**

Kennedy Krieger Institute is dedicated to improving the lives of children and young adults with developmental, behavioral, cognitive, and physical challenges. Kennedy Krieger's services include inpatient, outpatient, school-based, and community-based programs. Over 27,000 individuals receive services annually at Kennedy Krieger. We employ more than 2,600 persons who play a vital role in our mission to transform the lives of children with disorders of the brain.

At Kennedy Krieger, clinical social workers are part of an interdisciplinary teams of professionals. Through their work, they enable individuals and their families to utilize their natural strengths to manage the ongoing realities and stresses of disability and other emotional or medical conditions that affect individual, family and community functioning and relationships. The social work department provides the following clinical services, as determined by individual and family needs, through any one of the department's inpatient or outpatient programs at Kennedy Krieger.

- Clinical evaluation of individual and family functioning
- Development of an individualized treatment plan
- Individual, family, couple, play and group therapy and counseling
- Educational, support and stress management groups
- Case management

**Rationale:**

Before the pandemic, there was a global shortage in the healthcare workforce<sup>1</sup>. Predictions forecast that employment demands in healthcare will grow faster this decade compared to all other occupations. This includes an increased need for social workers, with demand expected to increase 13% through 2029.<sup>2</sup>

Social workers are an essential part of the care team. But, due to ongoing shortages, there is a lack of available individuals to serve in these positions. By granting temporary licenses, the State can expedite the process of getting educated individuals into the workforce while they work on passing the examination.

**Kennedy Krieger Institute requests a favorable report on Senate Bill 872.**
