RE: SB 601 – Support

Dear Chair Griffith and Members of the Committee:

Kaiser Permanente is pleased to support SB 601, Maryland Health Benefit Exchange – State-Based Young Adult Health Insurance Subsidies Pilot Program – Sunset Repeal.

Kaiser Permanente is the largest private integrated health care delivery system in the United States, delivering health care to over 12 million members in eight states and the District of Columbia.¹ Kaiser Permanente of the Mid-Atlantic States, which operates in Maryland, provides and coordinates complete health care services for over 825,000 members. In Maryland, we deliver care to approximately 475,000 members.

Kaiser Permanente supports state-funded subsidy enhancements, like the Young Adult Subsidy Program, because they provide an immediate and direct benefit to consumers. Subsidy enhancements are relatively simple for states to administer through existing tax methodologies and they can be implemented relatively quickly. We appreciate that younger adults have not historically purchased health insurance at the same rate as other age groups and support policies that encourage this group to enter the market. With the end of the public health emergency, we expect a large portion of those who become ineligible for Medicaid to purchase individual coverage. The Young Adult Subsidy Program can help qualifying individuals purchase lower cost coverage as they transition off Medicaid.

Thank you for the opportunity to comment. Please feel free to contact me at Allison.W.Taylor@kp.org or (202) 924-7496 with questions.
