

# BALTIMORE'S TRANSIT FUTURE

March 14, 2023

The Honorable Melony Griffith  
Chair, Senate Finance Committee

***Re: Support for Senate Bills 0465, 0876, & 0875 | House Bills 0491, 0794, & 1072  
The Commission to Study Establishing a Baltimore Regional Transit Authority; The Establishment of  
the Baltimore Regional Transit Commission; & The Task Force to Study the Reconstitution of the  
Maryland Transportation Commission***

Dear Chair Griffith and Committee Members,

On behalf of the signatories listed below, we are writing to express our support for Senate Bills 0465, 0876, & 0875 and cross-filed House Bills 0491, 0794, & 1072. The package of bills that we support are the recommendations of the Baltimore Metropolitan Council's (BMC) Baltimore Regional Transit Funding and Governance Workgroup (Workgroup) that was tasked with developing strategies to empower and strengthen transit in the Baltimore region – a goal that the Baltimore's Transit Future coalition firmly supports.

The BMC Workgroup met over the second half of 2022 to examine the governance and funding structure of the Maryland Transit Administration (MTA) and locally operated transit systems to develop options for increased equity, transparency, and regional decision making in the distribution of funds and transit project prioritization in the Baltimore region. The Workgroup included elected officials, business, public-sector, labor leaders, and technical experts from around the Baltimore metropolitan region. Their work culminated in a [final report](#) and legislative recommendations. The package of bills is outlined below:

- **Senate Bill 0465 | House Bill 0491** would create a commission to study the establishment of a Baltimore Regional Transit Authority (BRTA) as the Baltimore region is the only large metropolitan area in the nation whose transit is operated by a state agency without oversight of any board or commission. The commission would complete its work on or before October 31, 2024.
- **Senate Bill 0876 | House Bill 0794** would establish a Baltimore Regional Transit Commission (BRTC), as a regional authority is being studied, to create a formal mechanism for a state-local collaboration into how the local and regional transit network is planned, built, operated and funded.
- **Senate Bill 0875 | House Bill 1072** would establish a Task Force to study the reconstitution of the Maryland Transportation Commission (MTC) to provide the group the authority to provide oversight and transparency into the state's Consolidated Transportation Program (CTP) development. The intention of this change is to increase engagement and transparency around statewide transportation funding allocations and long-range plans, which is currently opaque. The Task Force would complete its work on or before December 31, 2024.

# BALTIMORE'S TRANSIT FUTURE

The lack of collaboration between the state and local leaders into the planning, funding, and operations of the Baltimore region's transit system has hampered the development of a 21st century regional transit system that can adequately support inclusive economic growth, workforce development, and the needs of the region's most disenfranchised communities. Together, these bills would ensure that the governance and funding structure of Greater Baltimore's transit system are designed to be more responsive to the needs of the region's residents, businesses, and institutions.

The undersigned signatories and organizations request favorable reports for the package of bills because of their ability to strengthen regional coordination, decision making, and funding.

Sincerely,

Ballard Spahr LLP	Howard County Chamber of Commerce
Baltimore City Chamber of Commerce	Johns Hopkins University and Medicine
Baltimore Collegetown Network	Kaiser Permanente
Baltimore MARC Riders	Mahogany, Inc.
CareFirst BlueCross BlueShield	MedStar Health
Central Maryland Transportation Alliance	PNC
EcoMap Technologies	Tradepoint Atlantic
Greater Baltimore Committee	Transit Choices
Greater Washington Partnership	University of Maryland, Baltimore

---

## About the Baltimore's Transit Future Campaign

The [Greater Baltimore Committee](#) and [Greater Washington Partnership](#) launched the Baltimore's Transit Future campaign to call attention to the urgent business imperative and need for the Greater Baltimore region to create a world-class public transit system that helps create shared economic prosperity and catalyzes inclusive growth. Since June 2022, more than 65 business, civic, and non-profit organizations, including many of the largest employers in the State, have joined the campaign encouraging regional focus on six priorities:

1. Address the transit system's repair backlog and operator shortage.
2. Establish frequent, reliable transit service to regional job centers.
3. Support regional coordination, decision making, and funding.
4. Implement a 10-year rapid transit expansion program.
5. Prioritize regional rail investment.
6. Catalyze equitable development at transit and rail stations.

The time for action is now. The residents and businesses of Maryland's largest city and surrounding suburbs deserve a world-class transit system. These six strategic priorities will set the course for a more equitable transportation system, making the Baltimore region a more attractive place to live, work, play, and build a business.
