

Tom Wieland in favor of HB0382

2464 Symphony Lane, Gambrills, Md. 21054

Ritchie Pharmacy, 5507 Ritchie Hwy, Brooklyn Park, Md. 21225

Years ago Maryland Medicaid did surveys and decided that it costs pharmacies 10.75\$ to fill a prescription, but the MCO's seem to have there own rules and ignore Maryland Medicaid findings. Many MCO's pay only 10 cents for both the filling of and cost of prescriptions, this doesn't even cover the cost of the vials, the label, the bag, the transmission of the claim, so we loose money on every low cost generic drugs. One can't even buy a candy bar for under \$1 yet we are expected to provide drugs and our professional service for a dime and at a loss.
