

Unfavorable – HB0220 Public Safety Militia

Nelda Fink
MD District 32

Absolutely not! This bill is totally unconstitutional according to Article IX of the Maryland Constitution. It is bad enough that Maryland's Constitution once called for an independent citizen militia that was not controlled by the state. Now you want to federalize the state militia to be run by a president that the people of this state have no control over. This is totally unconstitutional and takes away the sovereignty of our Republic of Maryland.

Read your Maryland Constitution! And start PROTECTING our rights instead of throwing them away to the federal government!

I oppose this bill and urge the members of the committee to vote unfavorable.
