

Testimony in Support of HB 1060

(Written only)

Monday, March 6, 2023

Greetings:

I would like to testify in support of HB 1060. Even though I am a DC resident, I believe it imperative that the District and our neighbors strive to become more environmentally sustainable both while we are living and when we are no longer breathing. This bill is better for the environment and thus, for those who follow us.

Thank you for letting me express my opinion.

Sincerely,

Lena Frumin
