**BILL NO:** SB 728  
**COMMITTEE:** HGO  
**POSITION:** Support with Amendment

**TITLE:** State Board of Examiners in Optometry – Sunset Extension

## **BILL ANALYSIS:**

The Bill, as amended, extends the termination provisions relating to the statutory and regulatory authority of the State Board of Examiners in Optometry (the “Board”) for two (2) years until July 1, 2025.

## **POSITION AND RATIONALE:**

The Board supports SB 728 with an amendment of the Bill to extend the termination provisions relating to the statutory and regulatory authority of the Board to ten (10) years, until July 1, 2033.

This Bill was introduced during the 2022 Session and the original version of the bill included a provision to extend the Board for ten (10) years, which is the usual and customary timeframe. At that time, despite the Board’s request for another ten-year extension, the previous administration amended the Bill to extend the Board for only two years, until July 1, 2025.

The Board recognizes that its primary role is to protect the health and safety of consumers through the licensing and regulation of the practice of Optometry. The passing of SB 728 with the proposed amendment will ensure the continuation of the Board’s mandated responsibilities to carry out its mission to protect the citizens of Maryland without interruption.

The Board supports SB 728 with amendment and respectfully asks to extend the termination provisions relating to the statutory and regulatory authority of the Board, to the following:
