Declaration of Rights- Right to Reproductive Freedom
House Bill 705
Senate Bill 798

Position: Favorable

Please protect the rights of Maryland citizens with this bill. As a citizen of Garrett County, Maryland, I count on my state government to protect me from irrational decisions made at the federal level. In fact, I chose to become a resident of Maryland (vs. Pennsylvania, Virginia, and West Virginia) in part because of the state government.

Reproductive rights are SO fundamental to a civilized and fair social structure. The erosion of these rights is just another step backward to an unjust past. We need you to act to protect reproductive rights for the sake of citizens today and in the future.

Thank you!
