

HB1161
Favorable
Megan Montgomery

Dear Chair Pena-Melnyk, Vice Chair Cullison, and Distinguished Members of the HGO Committee,

I write to submit testimony to request a favorable report on HB1161- Christina's Law

Informed consent to medical procedures, including vaccination, is a cornerstone of our health care system.

This bill providing informed consent for the HPV vaccine is in keeping with good science, good medicine, good standards for health care and should be passed by this committee.

We ask the committee to provide a favorable report on this bill.
