House Health and Government Operations Committee,

My name is Otto Dassing. I'm writing to you today in favor of HB0220. I know you will be hearing from a lot of other voices on the subject that might carry more weight than mine, but this act is important to me, especially as a son of a recently deceased Vietnam veteran. I want this bill to pass so we can protect Marylanders. I would hope that you would want to protect them too. Please consider passing this bill and defending our guard. Thank you

Sincerely,

Otto Dassing
