Chair

House Health and Government Operations Committee HB 699- State and Local Government- Proof of Vaccination for Employees and Applicants for Employment- Prohibition (Vaccination by Choice Act)

Position: FAVORABLE with Amendment

Dear Chair Pena- Melnyk and Members of the Committee:

Thank you for the opportunity to voice my strong support for HB 699- State and Local Government Proof of Vaccination for Employees and Applicants for Employment- Prohibition (Vaccination by Choice Act)

My name is Daniela DOrazio.

Being unvaccinated for Covid-19 and unmasked due to prior infection/documentated antibodies, I suffered immeasurable discrimination, denunciation, betrayal and humiliation! I withstood a hurricane of insults, intolerance, and social exclusion.

I never saw anything so cruel and I survived child abuse and communism!

Not even did Romanian Dictator Ceausescu think of such draconian rules as were imposed on us during the pandemic.

What happened to America? The land of the free? Where was my body my choice during the pandemic?

I felt so incredible alone but I SURVIVED THE GREATEST PSYCHOLOGICAL FEAR CAMPAIGN IN HUMAN HISTORY but sadly my child, husband, friends and family fell victim.

My husband was threatened to lose his job if not Covid vaccinated even though he had the illness prior. Hours after the vaccine he got severely sick and his nurse suspected a mini stroke. I was terrified that my husband is going to die!!!

Last year, one friend died in his sleep and another one of heart attack both early 50 years olds and vaccinated, both from MD. Did this happen because of the Covid vaccines? I don't know, but here are 9 pages of Pfizer vaccine side effects that include heart attack, sudden death, cancer, myocarditis, etc. , all injuries and deaths which the pharma industry aren't liable for.

Please vote favorable on this bill so this never ever happens again! This is America, the land of the free , especially when it comes to health decisions!

Thank you, Daniela Dorazio
