

TESTIMONY IN SUPPORT OF HOUSE BILL 283

Trans Health Equity Act

Before the House Health and Government Operations Committee

By Stephanie Klapper, Deputy Director Maryland Citizens' Health Initiative, Inc.

February 14, 2023

Chair Peña-Melnyk and Members of the House Health and Government Operations Committee, thank you for this opportunity to testify in support of House Bill 283. Special thank you to Delegate Kaiser for being the lead sponsor for the bill. I am submitting this testimony on behalf of our individual organization, Maryland Citizens' Health Initiative, Inc., as we have not reviewed this legislation with the full Maryland Health Care for All! Coalition. Our mission is to ensure that all Marylanders have access to quality affordable health care coverage. This bill ensures that the Maryland Medical Assistance Program will provide gender-affirming treatment in a nondiscriminatory manner. Currently Marylanders with private health coverage through Maryland Health Connection are able to access gender transition care that Marylanders enrolled in Medicaid cannot. The vulnerability of this community means this gap in services results in other health inequities based on the social determinants of health for trans Marylanders. Gender-affirming care has been shown to dramatically increase mental health and wellbeing, and multiple major medical associations support comprehensive care for the trans community including the American Medical Association and American Academy of Pediatrics. I urge the Committee to pass HB 283.
