

Good afternoon, Madam Chair and Committee Members,

My name is Will Zwart. I know your time is valuable so I'll be brief.

On the below pages is included some information about "reproductive rights" i.e. abortion, that I believe you will find of interest. With many abortion bills in the legislature this session, not the least of which of SB0798, codifying abortion into the Maryland Constitution, I feel the information is necessary to communicate so we might avoid disinformation.

PLEASE NOTE THAT THE INFORMATION MAY BE FOUND UPSETTING TO CERTAIN INDIVIDUALS, BUT IT IS NEVERTHELESS NECESSARY IN ORDER TO BE FULLY INFORMED.

This is a late-term abortion. Take note of the size and shape, the fingers, toes, and eyes.

CDC: 117,626 Black Children Killed by Abortion in One Year

 MICHAEL W. CHAPMAN | APRIL 16, 2021 | 3:35PM EDT

(CNS News) -- The latest available data from the Centers for Disease Control and Prevention (CDC), show that 117,626 black children were killed by surgical abortion in the U.S. in 2018, and these deaths accounted for 33.6% of the total abortions that year.

Moreover, these data were collected by the CDC from only 31 reporting areas in the country, which means the actual number of blacks killed by abortion is higher.
