

To: Senate President Bill Ferguson, Speaker Adrienne Jones and the Honorable Members of the Maryland General Assembly

We, the people of Maryland, ask the Maryland General Assembly to reaffirm the values and purpose of the Maryland Environmental Policy Act (MEPA), and urge its full implementation on this, its fiftieth anniversary.

Whereas we recognize the singular natural beauty of our State, the quiet grandeur of the Chesapeake Bay, the majesty of the Appalachians, the verdant lands of the Piedmont, and the abundant gifts of the coastal plain of the Eastern Shore; and

Whereas, we recognize that all living things are dependent upon a healthful environment; and

Whereas, we recognize that the full expression of human dignity is incompatible with a degraded environment; and

Whereas, we recognize that a sustainable, regenerative ecosystem and climate conducive to human life are essential to support a vibrant society and economy; and

Whereas, we - like our ancestors before us - are the guardians of the earth for generations yet to come; and

Whereas 2023 is the fiftieth anniversary of the Maryland Environmental Policy Act (MEPA) which passed unanimously (minus one) in the House and Senate in 1973; and

Whereas MEPA recognizes that each person has a fundamental and inalienable right to a healthful environment; and

Whereas MEPA states that “the protection, preservation, and enhancement of the State’s diverse environment is necessary for the maintenance of public health and welfare and the continued viability of the economy of the State

and is a matter of the highest public priority"; and

Whereas MEPA states that all State agencies are to conduct their affairs with an awareness that they are stewards of the air, land, water, living and historic resources, and that they have an obligation to protect the environment for the use and enjoyment of this and all future generations; and

Whereas a significant number of States, along with one-hundred and sixty-one nations of the global community, including the United States, have recognized the human right to a clean, healthy, and sustainable environment;

Therefore, we, the members of the 2023 Maryland General Assembly, hereby reaffirm the principle established in the Maryland Environmental Policy Act of 1973 that a healthful and sustainable environment is a fundamental and inalienable human right and call upon the State to rededicate itself, its agencies, and all concerned stakeholders to further the development and implementation of environmental laws, practices and policies, as called for by the Maryland Environmental Policy Act (MEPA), for the benefit of both current and future generations.

Petition Signatures: 331
