RE: **SB 780 – Law Enforcement – Police Officer Employee Assistance Programs – Confidentiality**

POSITION: SUPPORT

The Maryland Chiefs of Police Association (MCPA) and the Maryland Sheriffs' Association (MSA) **SUPPORT SB 780**. This bill prohibits a law enforcement officer who has participated in an employee assistance program from disclosing or being compelled to disclose matters that arise during participation in an employee assistance program and prohibits disclosure under the Maryland Public Information Act.

Law enforcement officers face extremely difficult circumstances daily. They put their lives on the line to protect and serve others experiencing trauma when arriving at crash scenes; addressing incidents of domestic violence; investigating shootings and murders; searching for lost children and vulnerable adults. The cumulative exposure to stress experienced over years of service, depending upon individual coping skills and resiliency, may threaten the mental and physical well-being of an officer.

SB 780 prioritizes the mental health of police officers and seeks to reduce the negative stigma of seeking mental health services commonly experienced by members of law enforcement. Employee assistance programs are designed to help officers deal with the daily trauma they experience. This information is very personal and should not be disclosed, just like it is not for other professions. SB 780 assures all proper protections are in place and that this information is kept confidential. For these reasons, MCPA and MSA **SUPPORT SB 780** and urge a **FAVORABLE** report.

RE: SB 780 - Law Enforcement - Police Officer Employee Assistance Programs - Confidentiality

POSITION: SUPPORT

The Maryland Troopers Association (MTA) has a membership strength of approximately 2,629 members of which 1,120 are active sworn Troopers involved in traffic and criminal enforcement throughout the State of Maryland.

We support Senate Bill 780 which states that a custodian should deny inspection for the portion of a public record that contains information relating to a participant in a service provided by an employee assistance program.

Maryland State Troopers, and all police officers, devote their lives to keep Marylanders safe. With that responsibility, comes great stress and oftentimes, mental fatigue. Officers deserve confidentiality in reference to these matters. We believe that Senate Bill 780 offers that discretion.

Therefore, the Maryland Troopers Association supports SB 780 and requests a favorable report.
