Dear Judicial Proceedings Committee:

My name is Shana Windle, and I am Hearing. I live in Frederick County.

I am writing to ask you to support **SB 400 - Open Captioning Movie Bill**, sponsored by Senator Benjamin Brooks and Senator C. Anthony Muse. This bill will require all motion picture houses to offer closed captioning for each screening of a motion picture; and require that certain motion picture houses provide open captioning for at least two screenings each week.

Captioning, also known as same-language subtitles, benefits everyone who watches videos (children, adolescents, college students, and adults). More than 100 empirical studies document that captioning a video improves comprehension of, attention to, and memory for the video. Captions are particularly beneficial for persons watching videos in their non-native language, for children and adults learning to read, and for persons who are deaf or hard of hearing.

Most importantly, the bill provides communities with the assurance and peace of mind that they have access to the movie without using devices or other methods same as other people who go to the movie.

Thank you for your time and attention to this important matter and I appreciate your support on SB 400.

Sincerely,

Shana Windle

Dear Judicial Proceedings Committee:

My name is Dave Windley, and I am Hearing. I live in Baltimore County.

I am writing to ask you to support **SB 400 - Open Captioning Movie Bill**, sponsored by Senator Benjamin Brooks and Senator C. Anthony Muse. This bill will require all motion picture houses to offer closed captioning for each screening of a motion picture; and require that certain motion picture houses provide open captioning for at least two screenings each week.

Captioning, also known as same-language subtitles, benefits everyone who watches videos (children, adolescents, college students, and adults). More than 100 empirical studies document that captioning a video improves comprehension of, attention to, and memory for the video. Captions are particularly beneficial for persons watching videos in their non-native language, for children and adults learning to read, and for persons who are deaf or hard of hearing.

Most importantly, the bill provides communities with the assurance and peace of mind that they have access to the movie without using devices or other methods same as other people who go to the movie.

All people should be free to choose which movie to enjoy regardless of whether they are hearing, or deaf or are learning English as a second language.

Thank you for your time and attention to this important matter and I appreciate your support on SB 400.

Sincerely,
Dave Windley

Most importantly, the bill provides communities with the assurance and peace of mind that they have access to the movie without using devices or other methods same as other people who go to the movie.

I have glasses. So it is more difficult for me if I want to watch a 3D movie and then wear captioning glasses.

Thank you for your time and attention to this important matter and I appreciate your support on SB 400.

Sincerely,

Tianqi Zhou
