

THE SENATE OF MARYLAND
ANNAPOLIS, MARYLAND 21401

Testimony of Senator Jill P. Carter

**In Favor of SB764 Baltimore City –
Assault of Special Enforcement Officers – Penalties**

Before the Judicial Proceedings Committee

on March 14, 2023

**Chair Smith, Vice-Chair Waldstreicher, and Members of the
Committee:**

- **Senate Bill 764 will expand the crime of felony second-degree assault to include the intentional causing of physical injury to another person by a person who knows or has reason to know that the victim is a Baltimore City special enforcement officer, special parking enforcement officer, or special traffic enforcement officer, engaged in the performance of the officer’s official duties.**
- **Enforcement officers are Baltimore City employees who are empowered by the police commissioner to perform duties typically conducted by the Baltimore City Police Department. Being unarmed, these enforcement officers are particularly vulnerable when conflicts arise.**

- **The Baltimore City municipal workforce is comprised largely of people of color. The same is true for special enforcement officers, parking officers, and traffic officers, the majority of whom are women of color.**
- **Continued assaults on these officers substantially hinders recruitment and lowers staff morale, which in turn hurts the level of service the City can provide to its residents. Parking officers are particularly subject to confrontation and conflict due to the controversial nature of their work. Although parking officers are required to disengage when disputes arise, their safety is still at substantial risk.**
- **As mentioned earlier, ensuring the safety of these officers is necessary and important for staff morale and recruitment efforts, and will allow Baltimore City to provide residents with higher quality parking and traffic enforcement.**

For these reasons, I urge a favorable report of SB764.

Sincerely,

Jill P. Carter, Esq.
