Ref: Unfavorable SB0001

Dear Judiciary Committee:

I am writing in an Unfavorable support for SB0001. Where is the data that shows that law abiding citizens are the ones using their guns to kill people.

The elected officials in Annapolis should be focusing on the criminals that are using ILLIGAL guns to kill people. Why are they on the streets using guns? What is the criminal's education level at? Can they read or write? Elected officials should focus on getting criminals off of the streets!

Please vote **unfavorably** for this bill.

Sincerely,

Theresa Myers
