

March 27, 2023

To whom it may concern,

I am a responsible gun owner. Which means that I've received and continue to seek safety training, been fingerprinted, and have had a complete through in-depth background check by both the state and federal law enforcement.

The Supreme Court made a ruling that Maryland's gun laws were unconstitutional in accordance with said ruling Governor Hogan directed the Maryland State Police to suspend the good and substantial reason to get a carry permit. My Testimony is in Opposition of SB0001. aimed at keeping Maryland wear and carry permit holders from caring in public. By passing this unconstitutional bill, you are treating law abiding citizens as if we are criminals.

I view this bills as unconstitutional and anti-family. Passage of this bill will put more families, more women, and more children at risk from criminals, thugs, and rapists. I urge you to oppose SB0001 in the house of representatives.

Sincerely,

Ahmed Muhammad
