

HB0943-Election Law – Voter Registration List – Absentee Voters

Stance: Unfavorable

Testimony: My name is Adiena Britt and I reside withing the 45th Legislative District. I am writing to submit testimony against House Bill 0943. This Bill is being submitted for one purpose: Voter Intimidation and Suppression. This veiled attempt at supposed “election integrity” is a veiled attempt at voter suppression and disenfranchisement. Providing a listing of Voters who requested an Absentee Vote is a violation of privacy towards those individuals. There is no purpose to be providing this listing except to be used for Voter Intimidation. There have been NO documented instances of any kind of “voter fraud” in the State of MD to any degree that warrants an entire law to be passed. This is election “fraud” fear mongering and the Citizenry of MD are better than this nonsense. Let’s call this what it is, Voter Suppression, Intimidation and Disenfranchisement. Nice try though.
