

**Testimony to the House Ways and Means Committee**  
**HB84: Maryland Nonprofit Development Center Program - Nonprofit, Interest-Free, Micro Bridge Loan**  
**(NIMBL) Account - Funding**  
**Position: Favorable**

February 02 , 2023

Honorable Delegate Atterbeary, Chair  
House Ways and Means Committee  
131, House Office Building  
Annapolis, Maryland 21401

cc: Members, Budget & Taxation Committee

Honorable Chair Atterbeary and Members of the Committee:

Economic Action Maryland (formerly the Maryland Consumer Rights Coalition) is a statewide coalition of individuals and organizations that advances financial justice and economic inclusion for Maryland consumers through research, education, direct service, and advocacy. Our 8,500 supporters include consumer advocates, practitioners, and low-income and working families throughout Maryland.

We are in strong support of HB84 which will bring “payment parity” to nonprofits delivering state services so that these providers will receive the same security for prompt payment that is already in law and regulation for procurement contracts. Our ‘prompt pay’ laws, and the regulations that set standards for review of invoices, do not apply to the reimbursable grant agreements that are used with most state grants for the provision of health, education or social services by nonprofits.

Nonprofits in Maryland continually face delays in payments on grants or contracts that may extend many months. Additionally, they may need to wait several months for an initial payment on a program with considerable start-up costs. This works to make participation in government programs even more economically difficult for service providers, particularly smaller and younger nonprofits often led by people of color.

Economic Action Maryland supports HB84 because it would enable us to expand our programs to meet the needs of tenants and to enhance our ability to affirmatively further fair housing in Maryland. In addition to our research, policy advocacy, and awareness-raising efforts, Economic Action Maryland has three direct service programs that comprise part of our nonprofit’s strategy to expand economic security and housing justice for low-income and working families across the state.

Our Securing Older Adult Resources (SOAR) program assists older adults in applying for tax credits, provides benefits check-ups, consumer protection education as well as financial coaching and counseling. Our fair housing program provides education, awareness raising, investigation and enforcement of discrimination in

housing and our tenant advocacy program provides education, outreach, client assistance and support for renters across the state. Both our fair housing and tenant advocacy programs are supported by City and

state contracts. Economic Action Maryland is a small organization with ten staff and a budget under \$1.5 million a year. To date, we are owed more than \$40,000 from the state and we have been waiting for payment for over two and a half years on over \$175,000 from Baltimore City. We have worked with no contract for the last three years. Additionally, Prince George's County is 6 months behind and we have no contract or cash for a grant that started in July of 2022. We are unable to expand our programs to meet the skyrocketing number of calls for assistance we receive because of these delays.

These problems of delayed payment, often with no explanation, aren't new or particularly related to conditions under the current pandemic, although their impact has been more severe for organizations experiencing COVID-related reductions in other revenue sources or increased costs.

The state's 30-day 'prompt payment' law on procurement contracts isn't perfect, and in fact if you get paid within 45 days there's no interest penalty. But it would be a critical improvement for many service providers. The provisions in HB84 closely track those now in state law and COMAR for the handling and payment of invoices.

We urge you to give the nonprofits serving our people and communities on behalf of the state "payment parity" with the standards that already apply to state agencies in their procurement contracting. Please give HB84 a favorable report.

Best,

Marceline White  
Executive Director
