Ways and Means Committee

RE: Support HB525 Outdoor Preschool Licensing Pilot bill!

Dear Honorable Ways and Means Committee:

My name is Andrea Kneessi and I am a parent who resides in Ann Arundel County, Arnold, MD.

I am writing to urge you to support the House Bill to establish an Outdoor Preschool Licensing pilot. This bill has 13 co-sponsors and tremendous support in counties across Maryland! We need lawmakers to act by passing legislation to expand safe, equitable access to outdoor preschools as another form of high-quality early childhood education.

There are many urgent reasons why we need to pass the Outdoor Preschool Licensing Pilot bill:

- All children deserve safe, equitable access and the ability to choose outdoor preschool as an option for high-quality early childhood education;
- Children from low-income communities and those with special needs do not have equitable access to the Child Care Scholarship. Licensing is required for these families to use State scholarship funds to attend outdoor preschool. This is an environmental justice issue and unfair barrier that disproportionately impacts low-resourced families;
- Outdoor preschools offer an alternative that can help expand high-quality early childhood education options. Hundreds of child care programs closed during the pandemic leaving a shortage of child care across Maryland;
- Teachers and programs should be vetted for early childhood credentials, including specific training in health and safety, to operate. Without licensing, there is no oversight of existing outdoor preschools in Maryland; and
- Outdoor preschools promote skills and values that lead to environmental literacy, which supports goals of the *Maryland Partnership For Children In Nature* and the *K-12 Environmental Literacy Standards* required for graduation in Maryland.

Our 3 year old daughter, Adaline, was having a lot of anxiety and struggling in a more traditional learning environment until we switched her to an outdoor focused school. The Tree of Life Preschool, in Annapolis, MD has been a godsend. Since beginning at her new school, we saw an immediate change in Adaline's confidence, social skills and overall attitude towards learning and education. Our daughter has

always been more relaxed and focused in an outdoor learning environment. We see this in both her mood and in her behavior. As such, we believe that the outdoor nature of the school is a large part of her recent educational success and wish to support more schools of this type.

Please help us champion an outdoor preschool licensing pilot by supporting the Outdoor Preschool Licensing Pilot bill and urging your fellow lawmakers to do the same!

Sincerely,

Andrea Kneessi, DC
