Testimony of the Maryland Horse Council on HB 592

Property Tax - Agricultural Land and Improvements - Assessment - FAVORABLE

The Maryland Horse Council (MHC) is a membership-based trade association that represents the state-wide horse industry in Maryland. Our members include horse farms; horse related businesses; equestrian competitors; trainers; individual enthusiasts; equine-assisted therapy programs; and breed, interest, and discipline associations. We represent over 30,000 Marylanders who make their living with horses, or who just own and love them.

MHC supports HB 592 because it makes an important clarification about the nature of value-added agricultural activities in the real property tax context.

We particularly support it because it makes clear that “equine activities” as defined in § 2–701 of the Agriculture Article are part of value-added agriculture. Under current Maryland law, “Equine activities shall be treated as agricultural activities for the purposes of this subtitle.” Ag. Article § 2-702.1. Equine activities include “teaching equestrian skills, participating in equestrian competitions, exhibitions or other displays of equestrian skills, and caring for, breeding, boarding, renting, riding, or training horses.” Ag. Article § 2-701(d). Therefore, this bill will ensure that improvements that support equine activities, like other value-added agricultural activities, will be assessed at the agricultural use rate.

We request that the Committee give HB 592 a favorable report.

Respectfully submitted,

THE MARYLAND HORSE COUNCIL
(844) MDHORSE (844-634-6773)
