

MARYLAND MILITARY COALITION

Serving Veterans through Legislative Advocacy

February 16, 2023

The Honorable Vanessa Atterbear
Chair, Ways and Means Committee
Maryland House of Delegates
House Office Building, Room 131
Annapolis, MD 21401

Subject: **Request for FAVORABLE Report** – HB 554 - Income Tax – Subtraction
Modification for Military Retirement Income (Keep Our Heroes Home Act)

Dear Chair Atterbear and distinguished members of the Ways and Means Committee:

On behalf of the members of the Maryland Military Coalition (MMC) and as its Legislative Director, I write to recommend a **FAVORABLE report** by the Committee on ***HB 554, Income Tax – Subtraction Modification for Military Retirement Income (Keep Our Heroes Home Act)***, sponsored by Speaker Adrienne Jones by request of Governor Moore and by Delegate Mike Rogers. This bill will, over the next two years, raise the amount of military retirement income received by individuals that can be exempted from the Maryland income tax regardless of age.

This bill will make Maryland more competitive with surrounding states by incentivizing military retirees to remain here after retiring from active duty. The MMC strongly supports this bill for the following reasons:

- Most military retirees range in age from their early 40s to early 50s, depending upon the number of years of service. Many will work in civilian jobs for up to 25 years — second careers with income that would be ***fully taxable***. By retaining military retirees in the state and increasing the exemption of their military retirement income, the state can gain tax revenue from their civilian jobs, offsetting the cost of full exemption of military retired pay.
- As of December 31, 2021, there were 52,256 military retirees in Maryland, receiving approximately \$1.820 billion in retirement income annually.¹ The number of military retirees has declined by 472 since the end of 2018 (see Attachment 1). This bill, if passed and signed into law, will serve to help reverse this trend.

¹ <https://actuary.defense.gov/>

- For Tax Year 2023, three of the four states contiguous to Maryland either fully exempt military retirement income with no age restriction (Pennsylvania, West Virginia) or exempt more than Maryland (Virginia--\$20,000 for 55 and older). Exempting \$25,000 of military retirement income this year, *regardless of age*, and \$40,000 in Tax Year 2024 will exceed that of the Commonwealth of Virginia, making Maryland a more attractive residency option for those retiring from active duty.

HB 554 is a positive step in the right direction, moving our state closer to the 38 other states that currently fully exempt military retirement income from their state income tax (see Attachment 2). The MMC member organizations strongly support not only this legislation but also Governor Moore's aspirational goal of exempting 100 percent of military retirement income—sooner after 2024 rather than later—so that, as he stated, “Maryland should be no state’s farm team.”^{2, 3}

The Maryland Military Coalition **strongly supports** HB 554 and asks for a **FAVORABLE** report from the Ways & Means Committee. Raising the exemption of military retirement income from the state income tax to \$40,000 over the next two years, regardless of age, recognizes the value of the contributions military retirees can and will make to this state’s future growth.

The Maryland Military Coalition is a registered non-profit, non-partisan advocacy organization comprised of prominent Maryland-based veteran and military groups, representing over 150,000 service-connected individuals, including those currently serving, veterans, retirees and their families, caregivers, and survivors.

We want to thank Governor Moore for his commitment to our veterans, and to Speaker Jones and Delegate Mike Rogers for sponsoring this legislation and their strong, support of the uniformed services community in Maryland.

Respectfully,

David L. Dragics
COL USA (Ret)
Legislative Director

										-0.90%		
										Change from 2017 to 2021:	(600)	-1.0%

The monthly amount of retired pay (in \$1,000) is the amount prior to deductions for tax withholdings and other allotments, but after deductions for Survivor Benefit Plan premiums, waivers/offsets from compensation/award received from the U.S. Department of Veterans Affairs (VA), etc.

Retirees with a VA waiver/offset are those with reduced DoD retired pay due to a VA compensation/award, i.e., after "Concurrent Receipt: benefits are paid.

Retiree and Survivor pay only includes payments from DoD. Payments from the VA for disability compensation/award or Dependency and Indemnity Compensation (DIC) are not included here. Due to NDAA 2020, the DIC offset to Survivor Pay is being phased out over the next year. (Footnote to 12/31/21 data)
