

Dear Honorable Ways and Means Committee:

My name is Christopher Isong and I am a parent who resides in Montgomery county, Silver Spring, Maryland.

I am writing to urge you to support the House Bill to establish an Outdoor Preschool Licensing pilot. This bill has 13 co-sponsors and tremendous support in counties across Maryland! We need lawmakers to act by passing legislation to expand safe, equitable access to outdoor preschools as another form of high-quality early childhood education.

There are many urgent reasons why we need to pass the Outdoor Preschool Licensing Pilot bill:

- All children deserve safe, equitable access and the ability to choose outdoor preschool as an option for high-quality early childhood education;
- Children from low-income communities and those with special needs do not have equitable access to the Child Care Scholarship. Licensing is required for these families to use State scholarship funds to attend outdoor preschool. This is an environmental justice issue and unfair barrier that disproportionately impacts low-resourced families;
- Outdoor preschools offer an alternative that can help expand high-quality early childhood education options. Hundreds of child care programs closed during the pandemic leaving a shortage of child care across Maryland;
- Teachers and programs should be vetted for early childhood credentials, including specific training in health and safety, to operate. Without licensing, there is no oversight of existing outdoor preschools in Maryland; and
- Outdoor preschools promote skills and values that lead to environmental literacy, which supports goals of the *Maryland Partnership For Children In Nature* and the *K-12 Environmental Literacy Standards* required for graduation in Maryland.

As the parent of African American children, I was not aware that outdoor school was even an option until we found the purple school. Our son has been attending the outdoor school for 6 months and loves it. He has been exposed to education in a way we never thought possible and has a new understanding of nature in ways that he didn't before. It is important for kids who look like him to be able to experience all of the benefits provided by an outdoor school environment.

Please vote in support of this bill so that schools like the Takoma Park Cooperative Nursery School can continue to provide this wonderful experience for my children and all of the future children who will follow them.

Please help us champion an outdoor preschool licensing pilot by supporting the Outdoor Preschool Licensing Pilot bill and urging your fellow lawmakers to do the same!

Sincerely,

Christopher Isong
