The Honorable Mark S. Chang

Dear Chair Barnes and Vice Chair Chang,

I would like to express my full support for *Senate Bill 192 - State Personnel - Collective Bargaining - Supervisory Employees*.

Unions are the backbone of the American workforce. Studies have shown that the unionization of a workforce directly leads to higher wages, decreased income inequality, smaller wage gaps, and a more diverse workforce. Additionally, the benefits that workers derive from their union membership lead to a healthier community as those benefits, like health insurance, are typically better quality and more accessible to employees whose workplace has an established union. Unions are able to fight for better conditions because of their power in numbers, and every worker in this country deserves the chance to bargain as a collective unit.

SB192 will expand the right to collective bargaining to certain supervisory State employees who have not had this right in the past. Every union, whether they are made up of librarians, firefighters, State employees, or university employees, deserves the right to wield their collective weight when negotiating for better working conditions, and it is time for supervisory employees to enjoy these same rights.

I strongly urge this committee to give *Senate Bill 192 - State Personnel - Collective Bargaining - Supervisory Employees* the highest consideration.

Sincerely,
