RE: SB 603 – Internet Gaming - Authorization and Implementation

Dear Chair Guzzone:

This letter is in opposition to *Senate Bill 603 – Internet Gaming - Authorization and Implementation*. SB 603 calls for the legalization of iGaming in Maryland.

iGaming is one of the most addictive activities available.¹ The ease of access to iGaming is expected to lead to more health and emotional difficulties that come with gambling disorders including substance abuse, depression, and increased suicide rates.

Currently, only seven states have legalized iGaming (Connecticut, Delaware, Michigan, Nevada, New Jersey, Pennsylvania, and West Virginia). All of the states with data have noted increases in helpline calls since iGaming began; Pennsylvania reported the lowest increase of calls with a 140% increase, Michigan was the highest with a fivefold increase in just the first month after iGaming went live. The damage that iGaming causes is clear.

Online sports betting is hurting Marylanders and adding another highly addictive gambling activity in iGaming is going to cause more trauma. We urge an unfavorable report on SB 603. If you would like more information, please contact Mary Drexler at mdrexler@som.umaryland.edu.

Sincerely,

Mary Drexler, MSW
