

MARYLAND MILITARY COALITION

Serving Veterans through Legislative Advocacy

February 28, 2024

The Honorable Guy Guzzone, Chair
The Honorable Jim Rosapepe, Vice Chair
Budget and Taxation Committee
Miller Senate Office Building, 3 West Annapolis,
MD 21401

Subject: Request for a FAVORABLE Report - SB 974— Behavioral Health Crisis Response Services – 9–8–8 Trust Fund Fees

Dear Chair Guzzone, Vice Chair Rosapepe and Members of the Senate Budget and Taxation Committee:

On behalf of the Maryland Military Coalition and as its Communications Director, I write to recommend a FAVORABLE report by the Committee on ***SB 974 - Behavioral Health Crisis Response Services – 9–8–8 Trust Fund Fees***, sponsored by Chair Guzzone. I am a nurse and I currently serve on the Governor’s Challenge to Prevent Suicide Among Service Members, Veterans and Families.

As a licensed healthcare professional, I testified in support of Senate Bill 241 “Behavioral Health Crisis Response Services – 9-8-8 Trust Fund” in 2022. It passed, and in July, the Maryland Department of Health designated 9-8-8 as the State’s behavioral health crisis hotline as part of a *statewide initiative* for the coordination and delivery of the *continuum of behavioral health crisis response services* in the State. In addition to crisis call centers, this bill established mobile crisis team services and crisis stabilization centers. Last year, I testified on behalf of SB 003 “9-8-8 Trust Fund - Funding”, which required the Governor to include an appropriation for the lifeline in his budget. It also passed. Today, I am asking for a favorable report on establishing trust fund fees, necessary to enable the continued operation of the 9-8-8 lifeline, mobile crisis team services and crisis stabilization centers. This bill established a 9-8-8 fee (\$0.25 (cents)/month) to be paid by every subscriber to a landline or cell phone. These fees will be deposited in the Trust Fund and used only for carrying out the purpose of the fund.

Suicide rates have been increasing for the past twenty years, but among active-duty personnel and veterans of the post-9/11 wars, the suicide rate is even higher, outpacing average Americans. Do you know that **FOUR times** as many active-duty personnel and war veterans of post-9/11 conflicts **have died of suicide rather than in combat**? These high suicide rates are caused by multiple factors, including risks inherent to fighting in any war such as high exposure to trauma, stress, the “military” culture and training, continued access to guns, and the difficulty of reintegrating into civilian life.

Subject: Request for a FAVORABLE Report - SB 974 – Behavioral Health Crisis Response Services – 9–8–8 Trust Fund Fees

According to the Centers for Disease Control’s most recent data, **Maryland had 620 suicides in 2021¹; of which 89 were veterans²**. While getting 9-8-8 data was a little difficult, a member of the Department of Health reported that in **January 2024, there were 4,477 calls to the 9-8-8 lifeline**, a 107% increase in monthly call volume since the transition to the three-digit number in July 2022. The volume demonstrates that **the lifeline is working**—providing needed services to Marylanders.

Maryland is home to 34,444 active-duty service members, 14,292 active-duty spouses and 25,642 reservists/national guard members with 28,019 family members³. These are Department of Defense numbers only and do not include the 1,700 active-duty U.S. Public Health Service (PHS) members and the 7,000 PHS retirees and their families or the active duty and retired National Oceanic and Atmospheric Administration (NOAA) service members who also live in Maryland. In addition, there are 355,787 veteran households⁴. **Maryland needs continued 9-8-8 services to meet the mental health needs of our citizens, especially our veterans.**

The Maryland Military Coalition, is a voluntary, non-partisan organization representing 21 veteran service organizations who, in turn, serve over 150,000 Maryland uniformed services men and women and their families. The Coalition ***strongly supports*** SB 974- **Behavioral Health Crisis Response Services – 9–8–8 Trust Fund Fees** and asks for your **favorable report**.

We thank Chair Guzzone for sponsoring this important legislation and his continued support of the uniformed services community in Maryland.

Respectfully,

Lynn A. Nash, PhD, RN, PHCNS-BC, FAAN
CAPT (R), U.S. Public Health Service
Communications Director
