Economic Matters

SB1

Favorable SB1 Testimony as amended by the Senate in EEE

March 26, 2024

Good afternoon, Chairman Wilson and committee,

I am Executive Director of Cancer Support Foundation and here to speak for our clients as well as all of those who have paid so much more for their utility bills than needed. I am here in support of SB 1.

My clients are fighting for their lives and have little funding to help with so many expenses.

They should not face a home with no lights or heat and air because of the business practices of many of the retail choice providers in the state.

Electric and gas commodities are life and death for my clients. We need consumer protections in place in Maryland. Please make this happen this year.

We support SB 1 as amended to help my clients and all residents stay safe in their homes.

Sincerely,

A handwritten signature in black ink that reads "Cindy Carter".

Cindy Carter
Executive Director
Cancer Support Foundation
